EXECUTIVE SUMMARY

Full Stack Developer with practical experience in **MERN stack** development, specializing in building responsive user interfaces, secure **REST APIs**, and scalable web solutions. Proven ability to lead teams, optimize performance, and deliver production-ready applications aligned with modern development standards.

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern   Feb 2025 – Jul 2025 |

Site Worx Infotech

Led a team of interns in the end-to-end development of Digital Cloud Keepers, a professional website for a web hosting and cloud solutions provider.

Built frontend using **React.js** and **Tailwind CSS**, focusing on responsive layouts and modern UI/UX practices.

Developed backend functionalities using **Node.js**, integrated live chat support to enhance user engagement.

Oversaw task distribution, team coordination, and quality assurance, ensuring timely and high-standard project delivery.
